

To:
The Human Resources Manager
ICT Authority
Nairobi

Dear Sir/Madam,

RE: Formal Request for Industrial Attachment

My name is Hillary Oduor, a final-year student at Mount Kenya University (Nairobi Campus) pursuing a Bachelor of Business Information Technology. I am writing to formally request an industrial attachment opportunity with the ICT Authority.

I previously completed my diploma-level attachment at the National Treasury, where I was posted to the IFMIS department, a critical national system that falls under the supervisory mandate of the ICT Authority. I am now eager to build on that foundation at the strategic level, gaining experience within the very Authority that sets the standards and supervises such national projects.

My technical competencies include:

- Frontend: React.js, Tailwind CSS
- Backend: Express.js, RESTful APIs
- Database: MongoDB, MySQL
- Software Engineering Practices: System Design, API Development, Object-Oriented Programming, Agile Methodologies, Version Control (Git/GitHub)

Portfolio: <https://hillary-portfolio.vercel.app/>

I would be grateful if you would consider my application for an attachment position. Thank you for your time and consideration.

Yours faithfully,

Hillary Oduor
